

SMALL & UNDER DECK TANKS

Domestic Tanks

Storing water in clever locations

Beat the water restrictions this summer by storing rainwater. Our Domestic range is all about being water smart. Ideal for harvesting water when its plentiful and having it available when you need it most throughout the long dry summers. Our Flexi Tank Domestic range is designed to fit in many smaller spaces perfect for under your decking at home.

FLEXI TANKS NZ

Storage of Water

Water is fast becoming the world's most valuable resource. Flexi Tanks Store large volumes of water safely and economically, with no evaporation.

- Uses:
- Rain harvesting
 - Horticulture
 - Agricultural water supply
 - Fire fighting
 - Irrigation
 - Flexible ballast
 - Load testing
 - Roading and construction
 - Drilling and Mining

Flexi Tank Water Applications

Beat the water restrictions this summer by harvesting rain water. Our slim range is ideal for harvesting water when its plentiful and using throughout the long dry summers. Our Flexi Tank Slim range is designed to fit in long narrow spaces, under your home, under your decking are just a few ideas.

RIP-STOP FABRIC - BUILT TO LAST

- Manufactured from multi layered rip-stop technical fabric with tensile strength of 450kg per 5cm
- Manufactured since 1959 and used around the world
- ISO 9001: 2015 Study, Design & production of Flexible storage

FAST & EASY SOLUTION

- Rapid installation with minimal site preparation
- Completely enclosed system
- Minimal maintenance required

10 YEAR WARRANTY

- Full 10 Year manufacturers warranty for textile and manufacture. Expected life under normal conditions is up to 20 years
- Textile approved and monitored by KIWA for UV stabilisation standards

WIDE RANGE OF SIZES TO SUIT

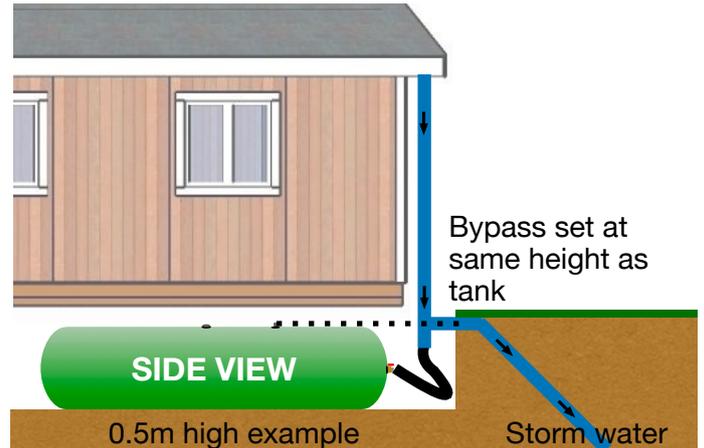

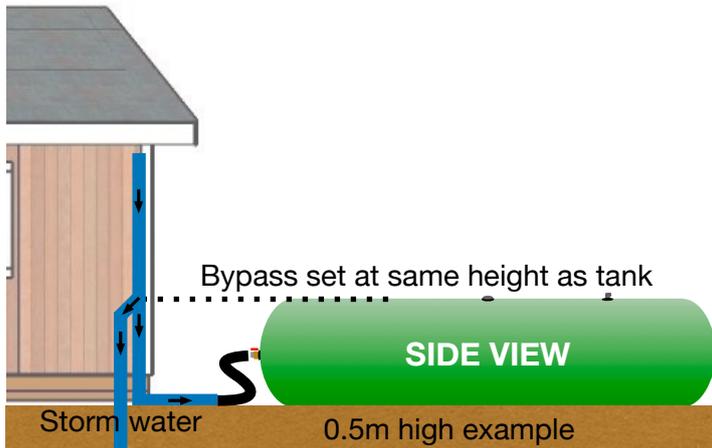

- From 900 litres right through to 30,000 slim tanks for domestic rainwater harvesting and storage
- Discrete alternative to above ground steel or poly tanks
- Custom sizes are available upon request

BENEFITS OF FLEXI TANKS

- No evaporation
- No sunlight
- Quality water
- Enclosed storage
- Fit through small access areas
- No mosquitos
- Low maintenance
- Easy installation
- Utilise under deck space
- Utilise under building space
- Hidden from view

Simple rain harvesting set up or storm water detention

- Ensure that the surface is flat, no degree of fall and minimal variation, free of debris (sharp rocks, gravel, jagged concrete) a sand base is always best.
- DO NOT OVERFLOW the tank under the house or decking. This can be achieved by setting up a simple bypass on your down pipe at the same height as the full point of the Flexi Tank, so when the tank is full it will continue to bypass down into the storm water.
- Use a flexible hose to connect to the tank, when the tank fills and empties the connection will rise and fall at the same level as the capacity.
- Every tank installation is different, Flexi Tanks NZ recommends you engage the services and knowledge of your local plumber to install and connect to your Flexi Tank.

Under Deck Tank Pricing

| Width of Tank | Length of tank | Maximum height | Capacity of tank | Equipment | Overflow | Price Including GST |
|-------------------------|----------------|----------------|------------------|------------|----------|---------------------|
| 1.48 Meters Wide | 2 Meters | 0.4m | 900L (0.9m3) | 50mm Valve | 50mm | \$1,656 |
| | 2.9 Meters | 0.4m | 1,300L (1.3m3) | 50mm Valve | 50mm | \$1,782 |
| | 4 Meters | 0.4m | 1,600 (1.6m3) | 50mm Valve | 50mm | \$1,978 |
| | 5.1 Meters | 0.4m | 2,000L (2.0m3) | 50mm Valve | 50mm | \$2,173 |
| | 6 Meters | 0.45m | 2,600L (2.6m3) | 50mm Valve | 50mm | \$2,334 |
| | 7 Meters | 0.45m | 3,200L (3.2m3) | 50mm Valve | 50mm | \$2,530 |
| | 8 Meters | 0.5m | 3,900L (3.9m3) | 50mm Valve | 50mm | \$2,668 |
| | 9 Meters | 0.55m | 4,500L (4.5m3) | 50mm Valve | 50mm | \$2,806 |
| | 10 meters | 0.55m | 5,100L (5.1m3) | 50mm Valve | 50mm | \$2,955 |
| 2.2 Meters Wide | 2 Meters | 0.5m | 1,500L (1.5m3) | 50mm Valve | 50mm | \$1,897 |
| | 2.9 Meters | 0.6m | 2,500L (2.5m3) | 50mm Valve | 50mm | \$2,024 |
| | 4 Meters | 0.65m | 3,700L (3.7m3) | 50mm Valve | 50mm | \$2,231 |
| | 5.1 Meters | 0.75m | 4,800L (4.8m3) | 50mm Valve | 50mm | 2415 |
| | 6 Meters | 0.75m | 6,000L (6.0m3) | 50mm Valve | 50mm | \$2,748 |
| | 7 Meters | 0.75m | 7,500 (7.5m3) | 50mm Valve | 50mm | \$3,139 |
| | 8 Meters | 0.75m | 9,000L (9.0m3) | 50mm Valve | 50mm | \$3,300 |
| | 9 Meters | 0.75m | 10,000L (10m3) | 50mm Valve | 50mm | \$3,496 |
| | 10 meters | 0.75m | 11,500L (11.5m3) | 50mm Valve | 50mm | \$3,611 |

Standard Small Water Tank Pricing

| Tank Capacity | Dimensions when empty | Maximum height | Empty Weight Kilos* | Equipment | Overflow | Price including GST |
|---------------|-----------------------|----------------|---------------------|------------|----------|---------------------|
| 1m3 | 2.40m x 1.48m | 0.5m | 8 kg | 50mm Valve | 50mm | \$1840.00 |
| 2m3 | 2.96m x 1.80m | 0.6m | 18 kg | 50mm Valve | 50mm | \$1955.00 |
| 5m3 | 3.50m x 2.96m | 0.8m | 32 kg | 50mm Valve | 50mm | \$2298.00 |
| 10m3 | 5.90m x 2.96m | 1.0m | 52 kg | 50mm Valve | 50mm | \$2817.00 |
| 15m3 | 4.90m x 4.40m | 1.1m | 65 kg | 50mm Valve | 50mm | \$3220.00 |
| 20m3 | 6.00m x 4.44m | 1.2m | 79 kg | 50mm Valve | 50mm | \$3565.00 |
| 25m3 | 7.10m x 4.44m | 1.2m | 93 kg | 50mm Valve | 50mm | \$4025.00 |
